OPTIMA Time

TIME MANAGEMENT MODULE

01 OPTIMA ONE TIME

The time management module, ONE Time, can be licensed with our OPTIMA Box access management solution and offers the same facility for centralised multi-site control.

ONE TIME is an ideal HR management tool allowing to verify that the company's rules regarding working hours are correctly observed without having to be present on site. It enables to manage absences and makes pay slip preparation much easier.

- **Monitor your employees' working hours and periods of absence**
- **Edit detailed reports**
- **Improve team productivity**
- **Minimise costs, optimise procedures, simplify accounting tasks**
- **Facilitate payroll management**

## 02 DETAILED TECHNICAL FEATURES

Associated products

OPTIMA Box or Sw Access control software		**OPTIMA Ultra** Biometric reader or smart card reader with 8" touch screen

With the OPTIMA Ultra reader, each employee is able to view his working hours, his leave requests and his requests for meetings with supervisors.

Check the arrival times of all your employees at a single glance.

The 'Consultation' tab allows to filter information (by period, group of employees ...) and allows to choose the level of detail of information displayed.
